

PRESS RELEASE

Lawrence County Community Foundation Announces The 2022 Classroom Grant Recipients

The Lawrence County Community Foundation Board of Directors awarded just under \$9,000 to twenty-four Lawrence County teachers through the 2022 LCCF Classroom Grant Cycle.

The Classroom Grant program is designed to fund small, in-class projects that might not have a typical funding source. The goal is to help teachers provide additional educational projects that are creative, innovative, and stimulate student learning.

The Lawrence County Community Foundation, a public charity recognized by the IRS as a 501(c)(3), accepts and manages individual and business contributions made to permanent endowments, including the Great Grants Fund for K-12 education grants, LCCF Education Fund, and the Paris P. and Lottie (Collins) Porter Education Fund, which help fund the annual Classroom Grants. LCCF uses the income earned by these endowments to improve the quality of life in Lawrence County for this generation and generations to come. Enhancing educational opportunities is a natural fit for this goal.

If you would like to help support our teachers through the classroom grant program, please contact Hope Flores at (812) 279-2215 or hope@cfpartner.org to learn how you can contribute to the endowment for Classroom Grants.
